AAEON Industrial Control Solution

Industrial Platform
That Fits Automation

Applications
- Advanced KIOSK / POS
- Factory Automation
- Military Control

BOXER

AEC-6810
Fanless Embedded
Control PC

- Economic VIA Eden Engine
- Operating Temperature:-15~60 degree C
- Anti-vibration up to 5 g rms / Anti-shock up to 100g

Operator Panel

AOP-8120
- 12.1" TFT SVGA (800 x 600) LCD
- Onboard ULV Intel Celeron 650MHz processor
- Anti-vibration disk drive bay for HDD
- 10/100Base-Tx or Giga Ethernet (optional)
- Digital I/O x 8

Press Conference

Topic: Real Embedded
Fanless Solution
Date: 2004.11.24
Time: 14.30-15.00
Location: CCN Mitte,
Room Munchen 3

IPC Solution

ARC-640
- 4U 19" Rackmount chassie
- Front-accessible PS/2 keyboard & USB as user-friendly
- Equipped with PS/2 AT/ATX power up to 400W
- Shock-resistand disk drive bay holds 5.25" x 3 / 3.5" x 1 & 1 internal 3.5" disk drives
- Supports Intel Pentium 4 Full-size CPU Card
