### Buyer

As a buyer at Aaeon Europe, you are responsible for managing key components, vendor relationships, purchase orders and price negotiations. You will have a highly collaborative roll as you will work closely with suppliers (externally) and the supply chain and operations departments (internally). In this way you create a good understanding about the market situation and the organization demands; ensuring a timely purchase of goods needed for the business. Also, you will have the chances to make business trips to suppliers in Asia.

#### Responsibilities & Duties:

- Develop strong relationships with internal and external stakeholders
- Purchasing key components, such as CPU, SSD, DRAM, CHASSIS and M2M
- Purchase order management, order placement and follow up to make sure all details comply, and shipment is released by vendor on time
- Maintaining our ERP system (process management software program)
- Monitor vendor price changes and coordinate with Purchase Manager for assessment
- Support Purchase Manager to review vendor performance
- All other relevant activities management may require

#### Skills required:

We welcome entry level candidates for this position, giving you the time and support to grow and develop yourself within this role. When you are already experienced, we will take this into consideration and adjust more advanced task to your job duties. We are looking for a real team player, with excellent communications skills (English is essential, Dutch is a plus) who easily connects with others. Furthermore, you bring with the following experiences and skills:

- Bachelor's Degree in relevant field (supply chain management, international business)
- Good commercial awareness and judgement
- Experience within purchase function is a plus
- Result driven and analytically minded
- Good at time management, ability to multitask, prioritize and respect deadlines
- Analytical skills accompanied with attention to detail
- Excellent computer skills (Excel, Microsoft Word, PowerPoint)
- Experience with ERP systems is preferred

- Knowledge in the IT & PC market, computing technology, x86 is considered as a plus

**What we offer:**

When you join our organization, you have the change to work in a real international job within a multicultural environment. We offer you a market competitive salary including an incentive bonus, 30 annual holiday days, education budget, annual wellbeing budget for physical and mental health and an iPhone and laptop.

We will only consider direct applicants; acquisition is NOT appreciated!
